

Integration Series Enclosures

Mount and protect IT networking equipment

Engineered to be exceptionally sturdy, yet easy to install and manage, Belkin enclosures provide added security for your mission-critical networking equipment. An ideal solution for both small and large server rooms, our enclosures are available in various sizes (42U, 24U, 13U and 12U) with a range of accessories designed to meet various equipment storage and security needs.

Benefits

- High quality construction offers superior structural support
- Infinitely adjustable mounting rails accommodates various equipment depths
- Guaranteed to work with 19" EIA-310-D compliant rack mountable equipment
- Removable locking doors provides security, expanded access and easy equipment installation
- Vented doors and removable panels allow for increased airflow in dense server environments
- Extensive range of cable, thermal and equipment management accessories enables customised configurations
- Scaleable solution with enclosure buying capability for RK1000ek and RK1002ek
- Excellent cable access via top and bottom openings
- Enclosures ship fully assembled with casters mounted - for easy handling (Only RK1000ek and RK1002ek)
- Belkin Lifetime Warranty

RK1003ek	Integration 12U Wall Mount Enclosure	7-22868-58114-8
RK1004ek	Integration 13U Floor Mount Enclosure	7-22868-58115-5

Integration Series Open-Frame Racks

Mount and organise IT networking equipment

Accessories

Customise your enclosure with a broad range of accessories, including cable managers, shelves, filler panels, patch panels, mounting hardware and structured cabling.

Cable Management

Route and organise cables between equipment. Available in single and doubled-sided versions and in various sizes.

2U Double-Sided Horizontal Cable Manager
RK5013ek

Shelves

Mount non-rack-mountable equipment on shelf. Choose from fixed and sliding versions in several sizes.

26" Vented Sliding Shelf
RK5018ek

Filler Panels

Fill empty rack spaces and direct airflow with our filler panel kits.

2U Filler Panels (set of 2)
RK5032ek

Patch Panels

Patch and arrange LAN connections. Available in 12, 24, 48, 72 and 96 port versions.

24-Port CAT5e Patch Panel
F4P338-24-AB5

Mounting Hardware

Mount and stabilise equipment with screws and anchor kits.

M6 Cage Nuts and Screws
RK5034ek (for use with RK4000ek)

Structured Cabling

Reliably connect equipment with Belkin bulk and patch cabling.
