CE FC FOR HOME OR OFFICE USE

Sets up in **3 minutes** Easy Install Wizard

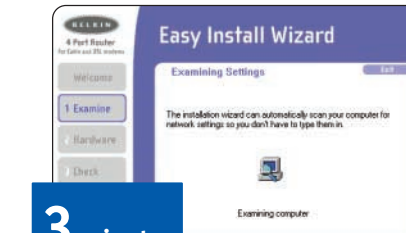

1 minute

Insert the CD in your CD-ROM. The Easy Install Wizard will examine your computer settings

2 minutes

Connect network cables from the router to the computer and modem (cable included)

3 minutes

The software will now automatically configure the Router to your Internet service.

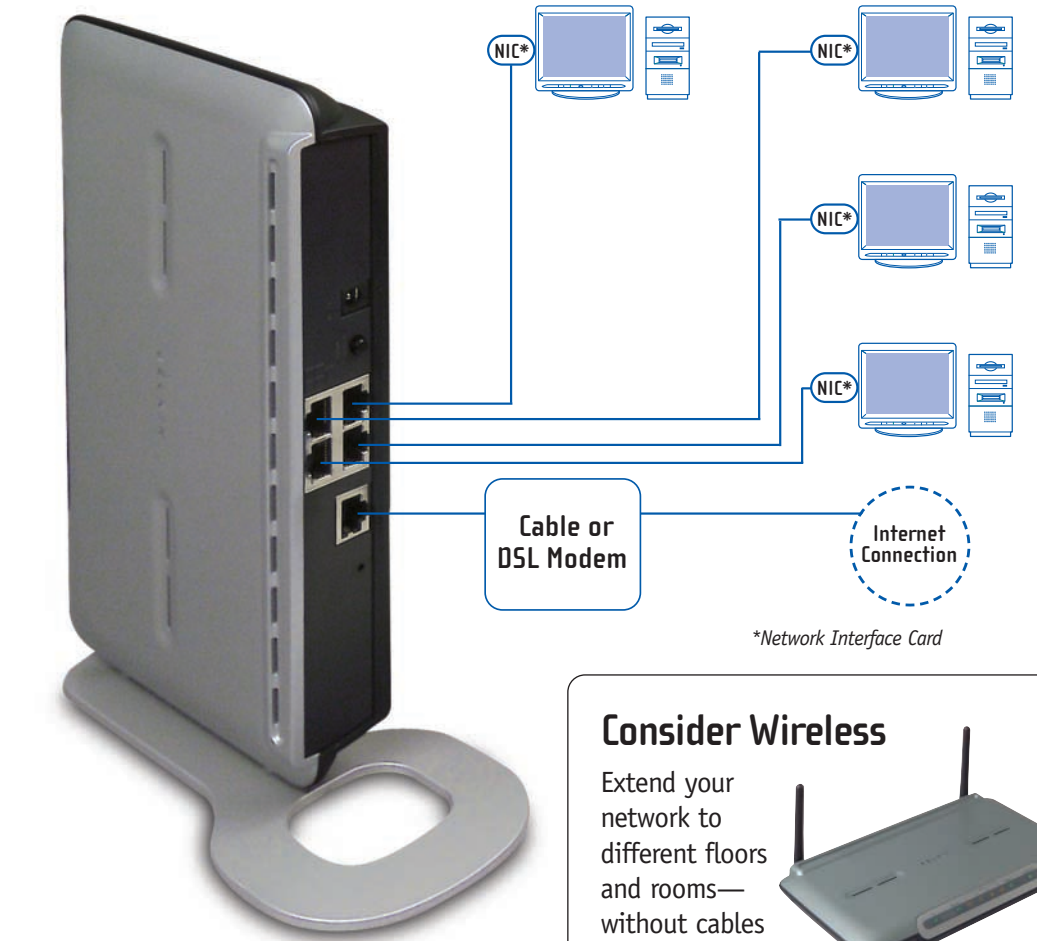

Connecting a network to the Internet just got as easy as plugging in your printer!

Simply connect your broadband modem and each of your computers to the Belkin 4-Port Cable/DSL Gateway Router, and share one broadband Internet connection. Once the Easy Install Wizard sets your preferences, your network has a dedicated Internet access point for every connected computer.

Plug your computer into the advantages of a larger network—easily!

- Enables simultaneous sharing of one cable/DSL Internet account between up to 4 users (add a 5-port switch for more users)
- Shares printers, files, digital photos, MP3 files, and much more
- Detects speed of attached devices automatically with built-in auto-sensing switch, for a trouble-free installation
- Protects computers on your network against unauthorized access with NAT and SPI firewall
- Provides secure and reliable remote access to your network with VPN technology
- Offers accelerated multiplayer gaming with DMZ hosting
- Supports PPTP, PPPoE, IPSec pass-through protocols, and DHCP (client and server)
- Uses UPnP to offer seamless operation of voice messaging, video messaging, games, and other applications that are UPnP-compliant
