This tool kit is great for the do-it-yourself enthusiast! It features our most popular tools for repairing or upgrading common electronic devices. We've included an anti-static wrist strap, a 3-prong parts retriever, a 3-way ratchet driver, and a chip extractor to make computer system upgrades easy and trouble-free. All tools are fully demagnetised to prevent computer hard drive or magnetic media damage, and each tool is conveniently stored in this customised carrying case.
