

Belkin Regulator Pro™ Network UPS – 1000VA - F6C1000-EUR

Nothing feels better to your server, PBX and internetworking equipment than a pure AC sine wave. This line-interactive UPS battery backup with Automatic Voltage Regulation (AVR) provides a pure sine wave output to your connected equipment, ensuring quality power at all times. Has 1000VA of backup battery power to see you safely through blackouts. Includes surge suppression, noise filtering, and automatic voltage conditioning for complete power protection. For network workstations and equipment, small-business servers, midsize business telecom/voicemail systems, Unix servers and workstations, CAD/CAM workstations, and personal computers.

Product Features:

- Pure sine wave output voltage for clean and consistent electricity.
- Two TVSS Network single protection slots.
- Data Recovery Warranty.
- Automatic Voltage Regulation (AVR) buck-down, AVR boost, on battery, AC line normal overload, replace battery, load percentage, battery level percentage and site wiring fault LEDs for easy monitoring and management of your UPS battery backup.
- Belkin 2 Year Unlimited Replacement Warranty
- 1.8m Power cable
