

OmniView™ ENTERPRISE Series Daisy-Chain Cable, 6 m (20 feet) - F1D9402-20

The OmniView ENTERPRISE Series Daisy-Chain Cables allow you to daisy-chain multiple OmniView KVM switches (or the OmniView™ ENTERPRISE Series 8-Port Expander, Belkin Part Number: F1DE009Buk) to add computers to your Enterprise configuration. Our advanced wiring design and coaxial VGA cabling preserve signal integrity from the first to the last computer. This cable is available in lengths of 60cm, 1.8m, 3m, 4.5m, 6m and 7.6m.

Lifetime Warranty

Product Features:

- Preserves signal integrity at higher resolutions with coaxial VGA cabling
- Adds durable strength with Tactilite® trade: molded-strain relief construction
- Features exclusive, 360-degree turning radius for flexibility even under extreme conditions
- Protects against damage to conductors
- Installs easily with modified slender thumbscrews
- Reduces electromagnetic and radio frequency interference (EMI/RFI)
- Comes with a Belkin Lifetime Warranty
- Aluminum undermold shield for EMI/RFI reduction
- Double-shielded (braid-and-foil) construction to reduce cross talk
- PC99 color-coded connectors for easy port identification and installation
- Availability in lengths of 60cm, 1.8m, 3m, 4.5m, 6m and 7.6m
