

Mobile Cassette Adapter - F8V366eaAPL

A great way to listen to your iPod or other portable audio device, this innovation plugs your portables into your car's in-dash cassette player. It works with your MP3, CD, or cassette player, and with your PC or laptop to deliver high-quality sound on the road—anywhere you go. The Adapter reduces noise by automatically maintaining the correct tension within the cassette deck as you drive, so you get an outstanding mobile audio performance.
