

# BELKIN.

## Universal Microphone Adapter

Record memos, lectures, interviews, or conversations. The Universal Microphone Adapter from Belkin connects to your iPod and to any audio microphone with a 3.5mm plug. You can use the iPod player's abundant storage capacity to store hundreds of hours of audio, and easily review your audio notes using the built-in 3.5mm jack with headphones or your computer. Copy recordings to your computer for easy storage, editing, or to send in e-mail. Belkin brings a new dimension to your iPod device- it's not just for tunes anymore.

### Benefits

- Designed for use with non-battery-powered microphones
- Fits any audio microphone with a 3.5mm plug
- Features 3.5mm audio out jack for headphones or speakers
- Adjusts microphone sensitivity easily with 3-level gain switch
- Includes real-time recording level LED indicator
- Records memos, notes, and interviews on the go
- Records 16-bit audio at 8kHz
- Works with iPod software version 2.1 or later
- Comes with a Belkin Lifetime Warranty
