

Pro Series USB Extension Cable - 3m - F3U134ea10

The Pro Series USB Extension Cable extends the length of your USB device cable to your hub or PC. Perfect for devices with short cables.

Características del producto:

- Fast, 12Mbps/sec transmission speed.
- 20-gauge high performance power wires ensure maximum USB performance.
- Exceeds all USB specifications.
- Belkin lifetime warranty.
- Molded strain relief and PVC overmolding to ensure a lifetime of error-free data transmissions.
- Supports up to 127 devices on a daisy-chain configuration
- HotPluggable.
- Flexitec® trade, cable jacket is extremely flexible for use in tight areas.
- Gold plated copper contacts provide maximum conductivity and minimizes data loss.
- Foil and braid shield complies with fully rated cable specifications reducing EMI/FRI interference.
- Impedance matched twisted pair construction helps to minimize cross talk, ensuring high-speed, error-free transmission.
- Undermold shield helps to prevent radio frequency and electro-magnetic interference (EMI/RFI). Hood shielding eliminates antennae excitation.
