### Características del producto:

- Tin-plated copper contacts provide maximum conductivity and keep data loss to a minimum.
- State-of-the-art wiring design ensures 100% compatibility with all devices 100% of the time.
- Flexitec® #153: PVC rubberized cable jacket is extremely flexible for use in tight areas.
- A Belkin certified lifetime warranty.
- Molded strain relief and PVC overmolding to ensure a lifetime of error-free data transmission.
- 28 AWG stranded tinned copper conductors are individually insulated in polypropylene to minimize cross talk, ensuring high-speed, error-free transmission.
- Ground indents provide excellent conductivity and retention with mating conductors.
- Aluminum connector shielding helps to meet FCC requirements on EMI/RFI interference.
