Características del producto:

- Gold plated copper connectors for a clean, clear, error-free transmission.
- Quality assured with the Belkin lifetime warranty.
- Flextec®153: cable jacket is very durable and extremely flexible for use in tight areas.
- PVC premold encapsulates individual conductors to ensure electrical isolation and relieve stress.
- 28 AWG stranded tinned copper conductors are individually insulated in polypropylene to minimize cross talk, ensuring high-speed, error-free transmission.
- State-of-the-art wiring design ensures 100% compatibility with all devices 100% of the time.
- Oversized ergonomic thumbscrews make installation a breeze.
- Supports HP®174; LaserJet, Epson®174, and compatible serial printers with DB25 female ports.
- Ground indents provide excellent conductivity and retention with mating conductors.
- Aluminum undermold shield helps to meet FCC requirements on EMI/RFI interference.
- <i>Without Retail Packaging</i>
