Características del producto:

- Gold plated copper contacts provide maximum conductivity with no data loss.
- Designed to support High Density VGA technology.
- Belkin lifetime warranty.
- Molded strain relief and PVC overmolding to ensure a lifetime of error-free data transmission.
- 28-gauge stranded tinned copper for excellent signal transmission.
- Aluminum undermold shield helps meet FCC requirements on EMI/RFI interference.
- Oversized ergonomic thumbscrews enable easy installation.
- State-of-the-art wiring design ensures 100% compatibility with all devices 100% of the time.
- Ground indents provide excellent conductivity and retention with mating conductors.
- PVC premold encapsulates individual conductors to ensure electrical isolation and relieve stress.
