

1.8 metre(6 foot) Pro Series Apple® Extension cable - F2V003-06

"Almost there, just a little farther," he says, while the taut Apple Printer cable stretches, as he tries to plug it in. Suddenly, his Printer flies off the desk and into pieces. Next time he should use a Belkin Apple® Extension Cable, and save his printer and himself.

Designed to extend the length of a cable with an 8 Pin Mini Din male connector. For use with Apple® printers and Mac-style switchboxes with 8 Pin Mini Din Female ports.

Características del producto:

- State-of-the-art-wiring design ensures 100% compatibility with all devices 100% of the time.
- Tin-plated copper contacts provide maximum conductivity and keep data loss to a minimum.
- Flextec®#153; PVC rubberized Cable jacket is extremely flexible for use in tight areas.
- A Belkin certified lifetime warranty.
- Molded strain relief and PVC overmolding to ensure a lifetime of error free data transmission.
- 28 AWG stranded tinned copper conductors are individually insulated in polypropylene to minimize cross talk, ensuring high-speed error-free transmission.
- Ground indents provide excellent conductivity and retention with mating conductors.
- Aluminum connector shielding helps to meet FCC requirements on EMI/RFI interference.
