

## High Performance Category 6 UTP Patch Cable 2M (6.5 feet) - CNP6LS0aed2M

How does a Cat 6 patch cable affect your network? It's like when you replace one blocked pipe in your plumbing line and suddenly the flow increases, the transfer is more fluid and the whole system is improved. The RJ45 High Performance Category 6 UTP Patch Cable is the perfect performance upgrade. Used to replace any Cat 5 cable that fails to support 100 Base-T or Gigabit Ethernet. With RJ45 male-to-male connectors and a snagless molded strain relief.

### Product Features:

- Capable of improving the return loss in your current network by 40%.
- 50 micron gold plated connectors to ensure a clean and clear transmission.
- Snagless molds protect the RJ45 tap from being damaged during installation.
- Perfect in conjunction with 100 Base-T and Gigabit Ethernet networks.
- Backed by Belkin Lifetime Warranty.
- Internal load bar assures accurate positioning of pairs and consistent high performance.
- Exceeds the performance requirement of Category 6.
- PowerSum tested.
- 2-row staggered pin configuration to control cross-talk at hyper-frequency.
