

Sliding Pivoting Keyboard Tray - RK5022ek

The Sliding Pivoting Keyboard Tray from Belkin is ideal for storing any size keyboard within a rack-mount application. It conveniently pivots and slides into the rack for easy, out-of-the-way storage. Sliding mouse trays on both sides accommodate right- and left-handed users. A padded wrist rest ensures your comfort as you input data or scroll through information.

Product Features:

- Holds any full-size keyboard
- Includes sliding mouse trays on both right and left sides
- Pivots for easy storage
- Features padded wrist rest for correct ergonomic positioning
