PureAV™ RCA Audio Cable 20'

PureAV Blue Series Analog Audio Cables deliver precise, detailed sound for any audio video device. They feature 99.99% oxygen-free, balanced conductors, double-shielding, and precision-formulated, polyethylene dielectric material to generate maximum sonic accuracy and detail. Blue Series RCA Audio Cables are constructed with balanced, left and right conductors and are a great solution for delivering discrete, analogue sound from SACDs.

Benefits

- Superior-Grade, 99.99% oxygen-free, balanced, copper conductors deliver better audio clarity and a more natural-sounding midrange
- Split-Tip Centre Pin and 6-Cut, Corrosion-resistant, 24k gold RCA connectors create precise contact and increased durability
- Abrasion-resistant, flexible PVC jacket - maintains integrity, even when bent
- Precision-formulated, polyethylene dielectric material generates better high frequencies and a more realistic stereo image
- Double shielding isolates from outside noise for better clarity
- Belkin Lifetime Product Warranty
