

PureAV™ IEEE 1394 S400 Cable 12'

FireWire (IEEE 1394) cables provide ideal high-speed audio video connections for digital camcorders and other home theatre components enabled FireWire technology. FireWire can carry digital audio, digital video, computer data, and control signals on one cable. It offers high speed, real time, error-free data transmission to you can spend more time enjoying your media and less time managing it.

Benefits

- Abrasion-resistant, flexible PVC jacket - maintains integrity, even when bent
- Integrated strain relief, protects against wire damage for consistently high-quality audio and video
- Ferrite inductor block, protects against unwanted interference
- Impedance-matched construction, reduces loss and increases bandwidth
- Five-layer shielding, isolates from outside noise for superior clarity
- Precision-formulated polyethylene dielectric material, maintains stronger signals that yield superior sonic and video accuracy
- Superior-grade, 99.99% oxygen-free, solid-copper conductors and high-purity, silver solder joints - drastically reduce signal distortion for unrivalled audio and video clarity
- Silver-plated conductors, deliver best high-frequency response for optimal resolution
- High-quality, heavy-gauge wires provide ultraflow signal loss and improve power handling
- 4-Pin to 6-Pin
- Belkin Lifetime Product Warranty

Product Code

AV52001ea12

Product Name

PureAV™ IEEE 1394 S400 Cable 12'
