

PureAV™ USB A/Mini-B A/V Cable 12'

PureAV Silver Series Hi-Speed USB 2.0 certified cables comply with the latest industry standards, and support data transfer speeds up to 480Mbps for ultrafast downloads. They incorporate large-gauge conductors for both data and power wires, to ensure your peripherals perform optimally. PureAV USB A to mini-B 5-pin connectors are ideal for connecting MP3 players, digital cameras, and other portable audio video devices. PureAV USB A-to-B cables are ideal for connecting most computer peripherals.

Benefits

- Non-slip rubber grip and integrated colour coding, provide comfort and ease of install
- Integrated strain relief, protects against wire damage for consistently high-quality audio and video
- 24k gold-plated connectors create precise contact for low loss
- Abrasion-resistant, flexible PVC jacket - maintains integrity, even when bent
- Impedance-matched construction, reduces loss and increases bandwidth
- Ferrite inductor block, protects against unwanted interference
- Superior-grade, 99.99% oxygen-free, solid-copper conductors and high-purity, silver solder joints - drastically reduce signal distortion for unrivalled audio and video clarity
- Triple-shielding isolates from outside noise for superior clarity
- Precision-formulated polyethylene dielectric material, maintains stronger signals that yield superior sonic and video accuracy
- Silver-plated conductors, deliver best high-frequency response for optimal resolution
- High-quality, heavy-gauge wires provide ultraflow signal loss and improve power handling
- Belkin Lifetime Product Warranty
