

## High-Performance Speaker Cable

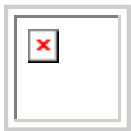

Ideal for connecting your front-channel speakers, PureAV Silver Series High-Performance Speaker Cables feature hybrid-conductor technology and 99.9997% oxygen-free, PCOCC, solid-core conductors for maximum bass extension and sonic accuracy. The pre-terminated design allows quick and easy installation with banana plugs, spades, or speaker pins (banana plugs included.)

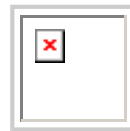

### Options Available

**AV53001qp08**

**AV53001qp12**

**AV53001qp16**

### Benefits

- Integrated strain relief protects against wire damage for consistently high-quality audio
- Non-Slip rubber grip and integrated colour coding provide comfort and ease of install
- 24k Gold-plated, screw-in banana plug creates precise contact for low loss. Note: Replaceable with spades or speaker-pins sold separately.
- Abrasion-resistant, flexible PVC jacket maintains integrity, even when bent
- Precision-formulated, polyethylene dielectric material maintains stronger signals that yield superior sonic accuracy
- Hybrid-conductor technology optimizes performance at all frequencies for consistent, exact sound reproduction
- 99.9997% Oxygen-free, PCOCC conductors and high-purity, silver solder joints drastically reduce signal distortion for unrivalled audio clarity
