## TunePower™ for iPod®

The TunePower™ Rechargeable Battery Pack from Belkin lets you keep the music playing on your iPod—even when the internal battery is drained. It's a great solution for long plane flights, hikes, or for anytime you don't have access to an AC outlet. For your convenience, we've included three sleeves sized to fit all iPod and iPod mini players with dock connectors. The TunePower provides 8–10 hours of additional play time\* on all iPod models, and it features a power-level indicator, so you can tell when your batteries are running low. The compact design fits easily in your pocket, handbag, or briefcase, so you'll never be caught without your tunes again. Comes with detachable DC/FireWire® cable to charge iPod and TunePower simultaneously\*\*. The TunePower also features a protective case design to prevent dirt, dust, or impact from damaging the connector.

\*Performance may vary based on Apple iPod firmware version in use. Visit [www.belkin.com](http://www.belkin.com) for details.

\*\*When used with the Apple® iPod AC power brick or any laptop or PC with a FireWire port
