

Home Series UPS 400 VA - BU304000ukDB

Sudden power outages not only cause you to lose your work, but can cause hardware failure and loss of data such as photos, work documents, and business records. A battery backup prevents this from occurring by instantly switching to battery power in the event of a power outage.

Product Features:

- Eliminate frustrating data loss and costly hardware damage caused by blackouts
- For entry-level to mid-range computers and office equipment
- Up to £ 40,000 Connected Equipment Warranty
- Up to 30 Min. Backup time
- 2-Year Product Warranty
- Data Recovery Warranty
- 3 battery backup sockets
- Easy, fast, USB Plug-and-Play setup
- Operates from downloadable WinPower software for safe computer shutdown
- 1-in, 1-out phone/fax/modem protection
