

BELKIN®

Wireless G+ MIMO USB Adapter

Here's what it does

The Wireless G+ MIMO USB Adapter connects your desktop or notebook computer to your wireless network. With a wireless router as the central connection point for your network, your computers can share files, printers and hard drives quickly and reliably and - via a DSL Modem - broadband access to the Internet.

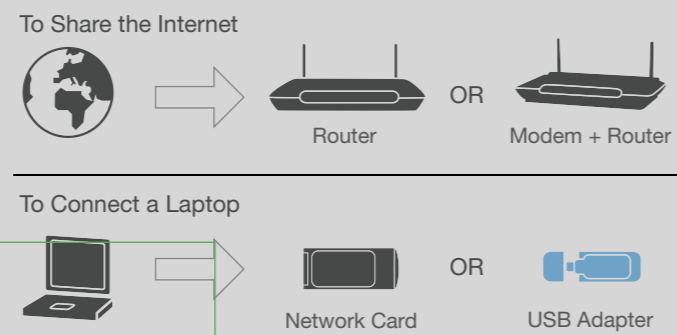

What is Wireless G+ MIMO?

Wireless G+ MIMO (Multiple Input Multiple Output) is based on a smart antenna technology that builds upon the widely deployed 802.11g standard by increasing speed, coverage, and reliability of wireless systems. Wireless G+ MIMO is ideal for users looking for greater range and faster speeds for downloading music from the Internet, sharing photos, and gaming online.

Network Security

Belkin has included best-in-class security features in this wireless networking product: Wi-Fi Protected Access (WPA2) provides enhanced encryption, while Media Access Control (MAC) address filters ensure that you can define which computer gains access to your network. Stateful Packet Inspection (SPI) and Network Address Translation (NAT) double your Firewall and safeguard your network from Internet intruders.

Here's what you need:

Wireless G+ MIMO USB Adapter

Package Includes

Wireless G+ MIMO USB Network Adapter with desktop stand
User Manual on CD
Quick Installation Guide
Installation Software CD

System Requirements

PC with available USB port
PC running Windows® 2000 or XP

Specifications

Interface

USB 1.0, 1.1, 2.0

Network Standards

IEEE 802.11g, IEEE 802.11b

Security

WPA, WPA2

64-bit, 128-bit WEP encryption

Operating Range

Up to 1,000 ft.**

OS Support

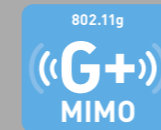

Windows 2000 and XP

**Products were tested in an outdoor environment. Actual speed and distance will vary depending on interference, network traffic, building materials, and other conditions.

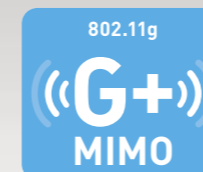

BELKIN®

Wireless G+ MIMO USB Adapter

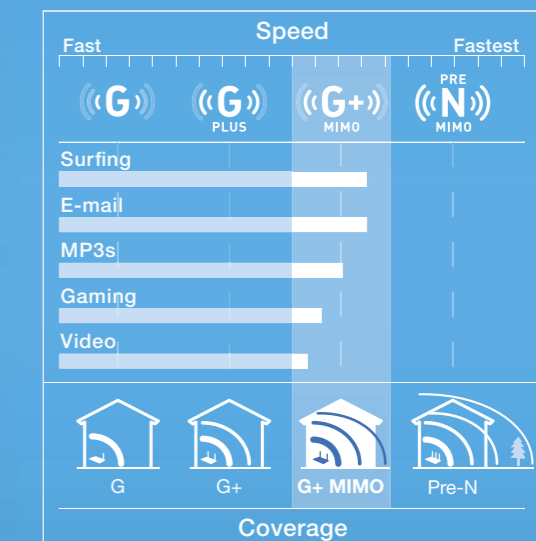

BELKIN®

Wireless G+ MIMO USB Adapter

Connect your notebook or desktop computer to a network

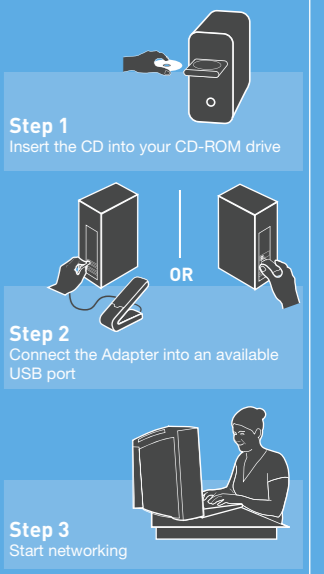

- Adds hi-speed wireless networking capabilities to any notebook or desktop computer
- Compatible with 802.11b and 802.11g devices
- Lifetime Warranty and FREE Tech Support

Wireless G+ MIMO USB Adapter

3 Easy Steps

Please refer to the Quick Installation Guide for detailed instructions

*Range and speed is determined using a Belkin Wireless G Plus MIMO Router (F5D9230-4) and a Wireless G Plus MIMO USB Network Adapter (F5D9050). The Wireless G Plus MIMO "10x Faster than IEEE 802.11b Downloads" statement refers to a comparison between Belkin's Wireless G Plus MIMO technology and the Belkin 802.11b family of products. Actual speeds will be lower due to interference, network traffic, and other environmental factors.
