External Serial ATA Cable

Connect your eSATA hard drive to your computer

EN | External Serial ATA Cable

Your growing archive of photos, videos, and music demands that you have a quick and powerful way to access them. Belkin's External Serial ATA Cable (eSATA Cable) provides the fastest and most reliable solution for transferring your valuable digital data.

The eSATA Cable offers the fastest data-transfer speeds available, improving performance for internal PCs and external storage. Belkin's eSATA Cable is up to six times faster than USB 2.0 and 1394 external storage solutions. Simply connect the eSATA Cable between your external hard drive, PVR/DVR, or set-top box and your computer.

Our cables are tested and certified by Belkin to meet industry standards. We have built this cable to strict criteria and we back its quality performance with a lifetime product warranty.
